EXPLANATIONS:

Award of this contract will enable ESC Region 19 to utilize required banking services. The proposal from Wells Fargo Bank is comparable to what we have been paying for banking depository services, and in several areas the costs actually decreased over current costs. Wells Fargo has raised the ECR rate from .35% to .75% for the proposed contract which allows Region 19 to offset bank fees by keeping less money in the account and earn additional interest on the remaining balance through authorized investments.
