

Data Management Systems

PEIMS

Education Service Center-Region 19 PEIMS coordinator acts as a liaison between school districts and the Texas Education Agency in collecting data for student attendance, staff responsibilities, and other financial data. This data is collected four times a year: fall, mid-year, summer and extended year. The various data collected in PEIMS is combined with data from other sources to determine district and campus standing, funding and TAKS percentages.

DMAC

The web-based applications provided by DMAC exist to supply Texas educators with state-of-the-art tools and services necessary to develop and improve the quality of education provided to students. This allows for more time with students and less time planning, testing, grading and disaggregating data.

EDUPHORIA

Eduphoria's integrated apps assist in every aspect of the school day, from lesson planning to monitoring student progress, streamlining administrative duties, and providing a collaborative platform for education professionals.
