

# ESC Region 19 STEM Follow-Up Series

Each session will focus on a specific STEM/STEAM topic. The day will begin with whole group face to face discussion followed up with hands on grade appropriate activities designed to foster deeper understanding and a chance to “play”. With STEAM/STEM activities in the classroom, play time is important. Teachers and students need time to explore the positive and the negative of a decision and experience success and failure. FAIL stands for “first attempt in learning”. With this in mind, these sessions give teachers time to explore, experience, redesign, and maybe even fail. Come join us for one or for all the sessions!

All session times are from 8:30 am to 3:30 pm.

Location is at ESC Region 19 building, 6611 Boeing Drive, El Paso, Texas 79925

Fee for other sessions is \$100 each.
