### Approaches Grade Level

Students at this level have met the minimum passing standard for the given assessment. A student achieving the Approaches Grade Level standard is likely to succeed in the next grade level or course with targeted academic intervention. Knowledge is generally applied in familiar contexts. This level was previously the Satisfactory Level II Phase In Level.

### Meets Grade Level

Students at this level have a greater likelihood of success in the next grade level or course however some short-term, targeted academic intervention may be necessary. A student achieving the Meets Grade Level standard is generally able to think critically and apply knowledge and skills in familiar contexts. This level was previously the Level II Final Phase In Level.

### Masters Grade Level

Students at this level are expected to succeed at the next grade level or course with little or no academic intervention. A student achieving the Masters Grade Level standard has demonstrated the ability to think critically and apply knowledge and skills in both familiar and unfamiliar contexts. This level was previously the Level III Advanced Performance Level.
