

Just the Basics: 101

Are you new to the TEKS Resource System? Would you like to reacquaint yourself with the TEKS Resource System site? Want to know about the most recent updates? Then this full-day session is for you! We will provide participants with an overview of the TEKS Resource System navigation, curriculum components, teacher planning, and resources available for all core content areas. We will also spend some time building assessments using the new assessment creator. Whether you are new to the system or a returning user, this session will give you all the tools you need to get started.

 El Paso, TX 79925

Teachers + TEKS RS = Winning Game Plan

Teachers! Do you want to get ahead and plan your upcoming unit? Join us to network with other teachers across the region and plan an upcoming unit for your selected content area and grade level. We will provide guidance and support as you navigate the components of the TEKS Resource System and plan your upcoming unit. This session is not content or grade-level specific.

ELAR Workshops for Instructional Leaders

Unpacking the Standards and Building Assessments

Instructional leaders are tasked with supporting teachers with varying levels of expertise in different grade levels, and often in more than one content area. Join us to unpack the standards of your selected grade level and give you the tools you need to guide teachers at your campus. We will also discuss navigating the assessment creator and will provide support while you build your upcoming assessments. This session is **content-specific**, for other content areas and dates offered see <https://www.esc19.net/Page/806>.
